Local Feel Good Stories!

Many times we are asked why we dedicate all our extra time and money to rescue...

We have now introduced a "Feel Good Story" Page to our website with a **FEW STORIES** that have touched our hearts and give us the reasons to continue!

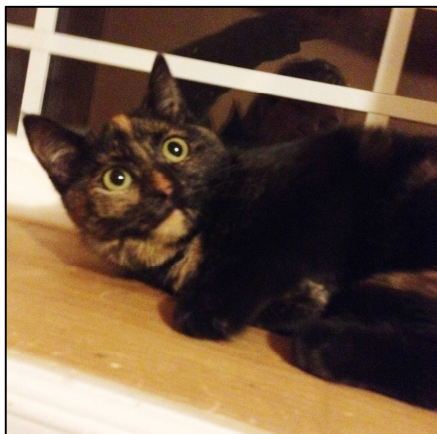

Janine - November 11th 2011

A Volunteer at a local Humane Society contact Beamsville 4Paw Rescue in a desperate plea to save Janine life. Janine was **NOT** in a "non-kill" shelter so it's literally been a matter of life or death for Janine. Since Janine showed signs of aggression the shelter would not adopt her out to the public and depended on rescues. Janine last day of life would be November 11th, 2011.

Janine had an ear infection since she arrived at the shelter 2 or 3 months earlier and has never been groomed or cared for. Janine was put on the stray side of the shelter where no public can see her. One of our Volunteers answered the call to save Janine life. In a desperation our volunteer brought Janine to get groomed and started to find her a home. During grooming we noticed that Janine could hardly walk. Her feet were badly cut and rocks, twigs and mud were between her feet like cement. She was treated for her ear infection and given the extra care she needed. After grooming Janine became a new dog and her signs of aggression were actually just signs of pain and suffering.

On November 11 2011 just 30 minutes before the shelter would end her life we found her a "Forever Home". Today Janie and new owner Frank take daily walks and enjoying watching TV in front of a warm fireplace.
