Local Feel Good Stories!

Many times we are asked why we dedicate all our extra time and money to rescue...

We have now introduced a "Feel Good Story" Page to our website with a **FEW STORIES** that have touched our hearts and give us the reasons to continue!

Here is a reason. *Scrappy 2, January 2013*

We hear cat screaming at night and most people would think that its wild cats fighting or the neighbors cat. We as a rescue feel that there is no such thing as a wild (Feral) animal, just those that have never had the opportunity to have love, food and hope for a future. You can tell just by looking at him that "Scrappy" has had a tough life. He has been fending for himself outside for 3 years since his family carelessly moved away and abandoned him. Many people in his neighborhood were afraid of him because he used to yowl and cry so much. But he wasn't doing it because he was wild or feral or just wanted to be annoying. Scrappy had so many injuries including old broken legs that have mended, infected cysts on his body, a damaged eye and many other health issues that he was crying for help! Kind people in his Beamsville neighborhood fed him but poor Scrappy didn't trust anyone enough to let them help him yet. Other cats beat him up and maybe even a wild animal such as a raccoon. Scrappy finally had enough of fending for himself and we were able to catch him and get him some much-needed medical attention, including neutering. His injuries have healed and he is getting some much-deserved rest, food, comfort and love! Now that he is no longer in distress or has the terrible job of fending for himself 24/7, Scrappy is concentrating on being the biggest Love Bug you could ever meet in his new "Forever Home" thanks to Helen.
